

VISUAL & PERFORMING ARTS

LÉMAN MANHATTAN
PREPARATORY SCHOOL

Inspiring Each Child to Find an Artistic Voice

At Léman Manhattan, we've designed a vibrant visual and performing arts curriculum that stresses the importance of free expression. Through our in-depth arts offerings, student artists build character, develop talent, and hone creativity.

Our instructors, accomplished artists and performers themselves, ignite the creative spark within every student. Léman's world-class arts facilities, including a 400 seat theater and a dedicated art gallery overlooking the New York Harbor, inspire students to discover, create, and find their artistic voice.
